AT A GLANCE

Overview

The Cumulus 12-Month CD is the highest-yielding term in the current CD curve and the most popular choice among Cumulus CD clients. Lock in 4.60% APY (4.70% APY Jumbo) for a full year on a minimum deposit of \$1,000 — with FDIC insurance, a 10-day grace period at maturity, and the flexibility to receive interest monthly, quarterly, or at maturity.

WHY A 12-MONTH CD

Key benefits

TOP OF THE CUMULUS CD CURVE Top of the Cumulus CD curve At 4.60% APY, the 12-Month CD pays the highest yield of any standard CD term currently offered by Cumulus.	JUMBO TIER AT 4.70% APY Jumbo tier at 4.70% APY Open with \$25,000 or more and earn an extra 10 basis points for the same 12-month term and FDIC insurance.
ONE-YEAR COMMITMENT One-year commitment A one-year horizon balances yield and liquidity — long enough to capture meaningfully higher rates, short enough to rebalance in a changing environment.	INTEREST PAYMENT FLEXIBILITY Interest payment flexibility Receive interest monthly, quarterly, or at maturity. Monthly interest can fund a Cumulus Checking account as regular income.
LADDERING CENTERPIECE Laddering centerpiece The 12-Month CD is the core rung of a classic CD ladder paired with 6, 36, and 60-month maturities.	FDIC-INSURED FDIC-insured Insured up to \$250,000 per depositor, per insured institution, per ownership category.

EXAMPLE — \$25,000 JUMBO AT 4.70% APY FOR 12 MONTHS

On a \$25,000 opening deposit held to maturity at 4.70% APY with interest compounded daily and credited monthly, the maturity value is approximately \$26,175 — \$1,175 of interest earned on a one-year deposit, with every dollar FDIC-insured.

ACCESS BEFORE MATURITY

Early-withdrawal penalty

Funds deposited into a Cumulus 12-Month CD are intended to remain on deposit until the maturity date. If you withdraw principal before maturity, an early-withdrawal penalty equal to 180 days of simple interest on the amount withdrawn is assessed. If the interest accrued is insufficient to cover the penalty, the difference is deducted from principal. Withdrawals following the death or adjudicated incompetence of an owner are exempt from the penalty.

SCENARIO	PENALTY	EFFECT ON PRINCIPAL
Standard early withdrawal	180 days of simple interest	Deducted from interest accrued; may reduce principal.
Death or adjudicated incompetence of owner	Waived	No penalty — full principal and accrued interest paid.
Within 7 days of account opening	Waived	No penalty (Regulation D/DD rescission period).
At maturity — within 10-day grace period	No penalty	Principal and interest available; no penalty assessed.

WHAT HAPPENS NEXT

At maturity

STEP	WHAT HAPPENS
Maturity notice	Cumulus mails a maturity notice 30 days before maturity describing the automatic-renewal APY and your options.
Maturity date	Interest accrues through the maturity date. You may instruct Cumulus up to that date (and through the grace period) on what to do next.
10-day grace period	Withdraw funds, change the term, add or withdraw principal, or close the CD with no early-withdrawal penalty.
Automatic renewal	Absent instructions, the CD renews for another 12-month term at the then-current posted APY.
Closure	Transfer the matured balance to any Cumulus deposit account, or send by ACH or wire to another institution.

COMMON QUESTIONS

Frequently asked questions

Why is the 12-month rate higher than the 36 or 60-month rate?

The 12-month APY (4.60%) reflects the shape of today's yield curve, which is modestly inverted at the one-year point. Longer terms (36, 60 months) offer rate certainty over a multi-year period at a slightly lower current APY.

Can I add funds to an existing 12-Month CD?

No. The opening deposit is fixed for the term. You may add funds during the 10-day grace period at maturity or open additional CDs.

How is interest compounded?

Interest on the 12-Month CD is compounded daily. You elect at opening whether to credit it to the CD or pay it out monthly or quarterly to another Cumulus account.

What is the early-withdrawal penalty on a partial withdrawal?

The penalty is 180 days of simple interest on the amount withdrawn, not the full CD balance. If the penalty exceeds the interest accrued on the withdrawn amount, the difference is deducted from principal.

Can I open multiple 12-Month CDs?

Yes. There is no limit on the number of CDs you can hold. FDIC insurance of \$250,000 is per ownership category — structuring can support higher coverage. Your Cumulus banker can help model.

DISCLOSURES & REGULATORY NOTICES

Important disclosures

§ Annual Percentage Yield (APY) is accurate as of the effective date shown and assumes interest remains on deposit until maturity (for time deposits) or for 365 days (for liquid accounts). A withdrawal of interest will reduce earnings.

§ Fees may reduce earnings on the account. Variable rates may change at any time at the Bank's discretion, except where a fixed term is stated. Cumulus Bank will provide 30 days' advance written notice of adverse changes to account terms.

§ Deposits are insured by the Federal Deposit Insurance Corporation (FDIC) up to applicable limits (\$250,000 per depositor, per insured institution, for each account ownership category).

§ Disclosures are provided pursuant to the Truth in Savings Act (Regulation DD, 12 C.F.R. Part 1030) and the Electronic Fund Transfer Act (Regulation E, 12 C.F.R. Part 1005).

§ Funds availability is governed by Regulation CC (12 C.F.R. Part 229). Large deposits, new-account holds, and redeposited items may be subject to extended availability.

§ APY is fixed for the stated term. Upon renewal, the new APY will be the Bank's then-posted rate for the same term on the renewal date, which may be higher or lower.

§ The early-withdrawal penalty is 180 days of simple interest on the amount withdrawn. If interest accrued is insufficient to cover the penalty, the penalty is deducted from principal.

§ IRA CDs are subject to applicable IRS rules regarding contributions, distributions, and required minimum distributions. Consult your tax advisor.
