AT A GLANCE

Overview

The Cumulus 36-Month CD is a medium-term Certificate of Deposit that locks in a fixed Annual Percentage Yield for three years. It is commonly used as the middle rung of a CD ladder and as a standalone savings vehicle for three-year goals — a future down payment, a tuition bill, or a planned vehicle replacement. Open with \$1,000 standard or \$25,000 Jumbo; every dollar is FDIC-insured.

DIVERSIFY ACROSS TERMS

The CD ladder concept

A CD ladder divides a pool of savings across multiple CD terms so that a portion matures each period. You capture the yield of longer-term CDs on most of your deposits while retaining regular access to a maturing rung. A classic Cumulus four-rung ladder pairs 6-month, 12-month, 36-month, and 60-month CDs.

Cumulus CD rate curve — current Standard APY by term

RUNG	TERM	APY	ROLE IN THE LADDER
1 · Short	6 months	4.25%	Liquidity within six months; first to mature.
2 · Medium-short	12 months	4.60%	Highest current yield; reinvest at prevailing rates.
3 · Medium	36 months	4.15%	Locks in a multi-year rate; this brochure.
4 · Long	60 months	4.00%	Locks in a five-year rate on the longest rung.

LADDER EXAMPLE — \$40,000 ACROSS FOUR RUNGS

Divide \$40,000 equally across four CDs of \$10,000 each in the 6-, 12-, 36-, and 60-month terms. Every six to twelve months a rung matures, giving you the opportunity to reinvest at then-prevailing rates or redirect the funds. The average yield on day one of this ladder is 4.25% APY across all four CDs.

ACCESS BEFORE MATURITY

Early-withdrawal penalty

If you withdraw principal before the maturity date, an early-withdrawal penalty equal to 365 days of simple interest on the amount withdrawn is assessed. If interest accrued is insufficient to cover the penalty, the difference is deducted from principal. Withdrawals following the death or adjudicated incompetence of an owner are exempt from the penalty.

SCENARIO	PENALTY	EFFECT ON PRINCIPAL
Standard early withdrawal	365 days of simple interest	Deducted from interest accrued; may reduce principal.
Death or adjudicated incompetence of owner	Waived	No penalty — full principal and accrued interest paid.
Within 7 days of account opening	Waived	No penalty (Regulation D/DD rescission period).
At maturity — within 10-day grace period	No penalty	Principal and interest available; no penalty assessed.

WHAT HAPPENS NEXT

At maturity

STEP	WHAT HAPPENS
Maturity notice	Cumulus mails a maturity notice 30 days before maturity describing the automatic-renewal APY and your options.
10-day grace period	Withdraw, change the term, add or withdraw principal, or close the CD with no early-withdrawal penalty.
Automatic renewal	Absent instructions, the CD renews for another 36-month term at the then-current posted APY.
Transfer or close	Move the matured balance into any Cumulus deposit account, or ACH or wire the balance to another institution.

COMMON QUESTIONS

Frequently asked questions

Is the 36-month rate lower than the 12-month rate?

Yes, at current pricing the 36-month APY (4.15%) is below the 12-month APY (4.60%). The yield curve is modestly inverted at medium-term maturities. Choosing a 36-month CD trades a little current yield for rate certainty over three years.

How should I think about laddering 6-, 12-, 36-, and 60-month CDs?

A four-rung ladder smooths reinvestment risk — when any one rung matures, you reinvest at prevailing rates while the remaining rungs continue earning their locked-in APYs. A Cumulus banker can model a ladder sized to your goals.

Can I add funds to a 36-Month CD mid-term?

No. The opening deposit is fixed for the term. You may open additional CDs at any time or add funds during the 10-day grace period at maturity.

Is this CD IRA-eligible?

Yes. Both Traditional and Roth IRA CD titling are available. Contribution limits and distribution rules are set by the Internal Revenue Code.

Can I pledge my CD as collateral?

Yes. Cumulus accepts its own CDs as collateral for secured personal lending, subject to underwriting. Pledged CDs cannot be withdrawn until the loan is repaid.

DISCLOSURES & REGULATORY NOTICES

Important disclosures

§ Annual Percentage Yield (APY) is accurate as of the effective date shown and assumes interest remains on deposit until maturity (for time deposits) or for 365 days (for liquid accounts). A withdrawal of interest will reduce earnings.

§ Fees may reduce earnings on the account. Variable rates may change at any time at the Bank's discretion, except where a fixed term is stated. Cumulus Bank will provide 30 days' advance written notice of adverse changes to account terms.

§ Deposits are insured by the Federal Deposit Insurance Corporation (FDIC) up to applicable limits (\$250,000 per depositor, per insured institution, for each account ownership category).

§ Disclosures are provided pursuant to the Truth in Savings Act (Regulation DD, 12 C.F.R. Part 1030) and the Electronic Fund Transfer Act (Regulation E, 12 C.F.R. Part 1005).

§ Funds availability is governed by Regulation CC (12 C.F.R. Part 229). Large deposits, new-account holds, and redeposited items may be subject to extended availability.

§ APY is fixed for the stated term. Upon renewal, the new APY will be the Bank's then-posted rate for the same term on the renewal date, which may be higher or lower.

§ The early-withdrawal penalty is 365 days of simple interest on the amount withdrawn. If interest accrued is insufficient to cover the penalty, the penalty is deducted from principal.

§ Comparison APYs shown in the ladder chart (6-, 12-, 60-month) are illustrative only and are subject to change. See the current rate sheet at cumulusbank.com for the latest APYs.
