Cumulus 60-Month CD

A five-year, federally insured Certificate of Deposit for long-horizon savings — the longest rung on a Cumulus CD ladder.

PRODUCT TYPE	Fixed-rate time deposit
TERM	60 months
STANDARD APY	4.00% APY
JUMBO APY	4.10% APY on balances of \$25,000+
MINIMUM OPENING DEPOSIT	\$1,000 standard · \$25,000 jumbo
INTEREST PAYMENT OPTIONS	Monthly, quarterly, or at maturity
EARLY-WITHDRAWAL PENALTY	540 days of interest
GRACE PERIOD AT MATURITY	10 calendar days

AT A GLANCE

Overview

The Cumulus 60-Month CD is the longest standard CD term in the Cumulus portfolio. It locks in a fixed 4.00% APY (4.10% APY Jumbo) for five years, providing rate certainty across a multi-year horizon and serving as the longest rung of a classic CD ladder. Suitable for funds that won't be needed in the near term but where FDIC-insured stability is preferred to market exposure.

WHY A 60-MONTH CD

Key benefits

FIVE-YEAR RATE CERTAINTY Five-year rate certainty Lock in 4.00% APY (4.10% APY Jumbo) for 60 months — your rate is unaffected by any drops in market rates during the term.	LONG-HORIZON GOALS Long-horizon goals Well-suited to five-year savings goals or a portion of a retirement bucket reserved for fixed-income exposure.
TOP LADDER RUNG Top ladder rung The natural top rung of a four-rung CD ladder, paired with 6, 12, and 36-month CDs.	INTEREST FLEXIBILITY Interest flexibility Receive interest monthly, quarterly, or at maturity. Monthly payments create a steady 5-year income stream.
JUMBO BONUS Jumbo bonus Deposits of \$25,000 or more earn an additional 10 basis points at the Jumbo tier (4.10% APY).	FDIC INSURANCE FDIC insurance Insured up to \$250,000 per depositor, per insured institution, per ownership category.

FIXED YIELD FOR 60 MONTHS

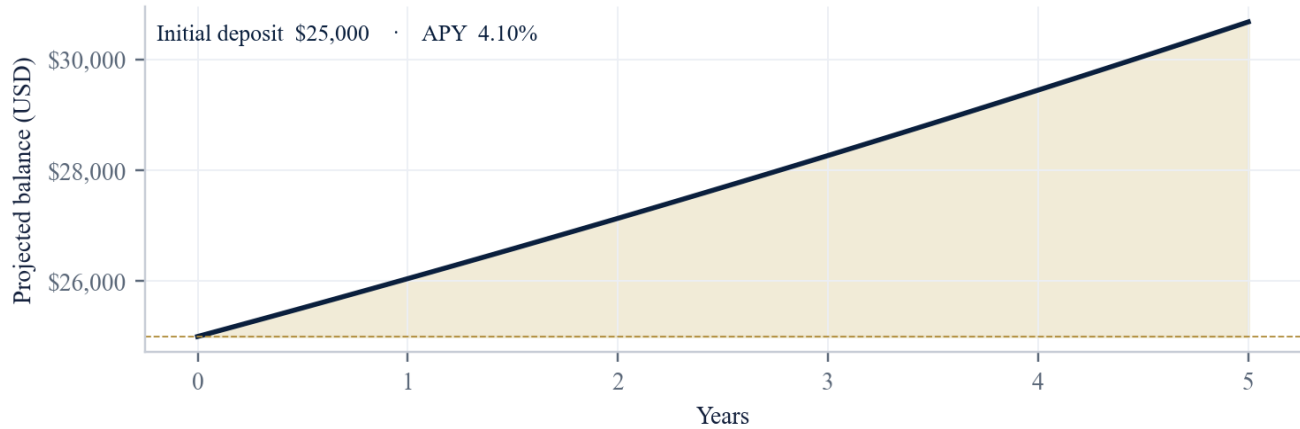

Rates and minimums

TIER	MINIMUM DEPOSIT	APY	INTEREST RATE (APPROX.)
Standard	\$1,000	4.00%	3.93%
Jumbo	\$25,000	4.10%	4.02%

Illustrative balance growth

\$25,000 Jumbo at 4.10% APY, compounded monthly — five-year projection

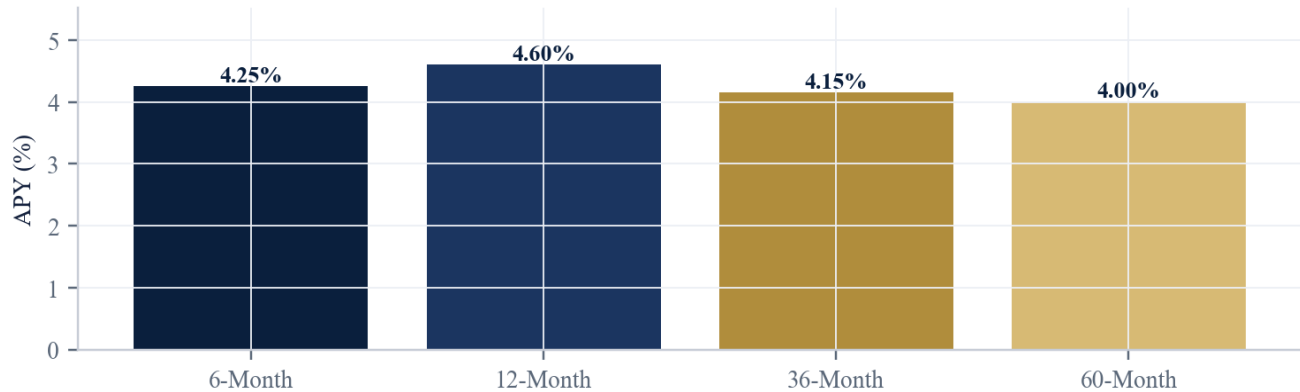

DIVERSIFY ACROSS TERMS

The CD ladder concept

A CD ladder divides a pool of savings across several CD terms so that a portion matures each period. You capture the yield advantage of longer-term CDs on the majority of your funds while retaining regular access to a maturing rung. The 60-Month CD is the anchor on the long end of a classic Cumulus ladder.

Cumulus CD rate curve — current Standard APY by term

RUNG	TERM	APY	ROLE IN THE LADDER
1 · Short	6 months	4.25%	Liquidity within six months; first to mature.
2 · Medium-short	12 months	4.60%	Highest current yield; reinvest annually.
3 · Medium	36 months	4.15%	Locks in a multi-year rate for the middle rung.
4 · Long	60 months	4.00%	Locks in the longest available Cumulus rate; this brochure.

LADDER EXAMPLE — \$50,000 ACROSS FOUR RUNGS

Place \$12,500 into each of a 6-, 12-, 36-, and 60-month CD at current Cumulus rates. Day-one weighted average APY is approximately 4.25%. As each rung matures, reinvest into a new 60-month CD to maintain the ladder structure and the long-end rate exposure. After five years, all rungs are 60-month CDs rolling at the prevailing 60-month rate.

ACCESS BEFORE MATURITY

Early-withdrawal penalty

If you withdraw principal before the maturity date, an early-withdrawal penalty equal to 540 days of simple interest on the amount withdrawn is assessed. If interest accrued is insufficient to cover the penalty, the difference is deducted from principal. Because the 60-Month CD has the longest penalty in the portfolio, the amount you lock up should be money you are confident you will not need during the term. Withdrawals following the death or adjudicated incompetence of an owner are exempt from the penalty.

SCENARIO	PENALTY	EFFECT ON PRINCIPAL
Standard early withdrawal	540 days of simple interest	Deducted from interest accrued; may reduce principal.
Death or adjudicated incompetence of owner	Waived	No penalty — full principal and accrued interest paid.
Within 7 days of account opening	Waived	No penalty (Regulation D/DD rescission period).
At maturity — within 10-day grace period	No penalty	Principal and interest available; no penalty assessed.

WHAT HAPPENS NEXT

At maturity

STEP	WHAT HAPPENS
Maturity notice	Cumulus mails a maturity notice 30 days before maturity describing the automatic-renewal APY and your options.
10-day grace period	Withdraw, change the term, add or withdraw principal, or close the CD with no early-withdrawal penalty.
Automatic renewal	Absent instructions, the CD renews for another 60-month term at the then-current posted APY.
Transfer or close	Move the matured balance to any Cumulus deposit account, or send by ACH or wire to another institution.

COMMON QUESTIONS

Frequently asked questions

Why commit to 60 months when shorter CDs pay more today?

Rate certainty. Today's 12-month rate is higher, but it may not be available in 12 or 24 months. A 60-Month CD locks in 4.00% APY across five years regardless of future rate movements.

Should I consider this CD for retirement income?

A 60-Month CD with monthly interest credit can function as a fixed, FDIC-insured income stream. Many retirees pair a 60-Month CD with Money Market for both reliable income and liquidity. Consult your Cumulus advisor.

What happens if rates rise during my 60-month term?

You continue earning 4.00% APY. You may always elect to pay the 540-day early-withdrawal penalty and reinvest at higher rates — but in most cases the penalty exceeds the benefit unless rates rise substantially.

Can this be an IRA CD?

Yes. Both Traditional and Roth IRA 60-Month CDs are available. The five-year term aligns well with Roth's five-year qualification period for earnings withdrawals.

Is the Jumbo tier worth it?

At \$25,000 or more, the Jumbo APY (4.10%) adds approximately \$130 of additional interest over five years on a \$25,000 deposit versus the Standard APY (4.00%). A Cumulus banker can model your specific scenario.

DISCLOSURES & REGULATORY NOTICES

Important disclosures

§ Annual Percentage Yield (APY) is accurate as of the effective date shown and assumes interest remains on deposit until maturity (for time deposits) or for 365 days (for liquid accounts). A withdrawal of interest will reduce earnings.

§ Fees may reduce earnings on the account. Variable rates may change at any time at the Bank's discretion, except where a fixed term is stated. Cumulus Bank will provide 30 days' advance written notice of adverse changes to account terms.

§ Deposits are insured by the Federal Deposit Insurance Corporation (FDIC) up to applicable limits (\$250,000 per depositor, per insured institution, for each account ownership category).

§ Disclosures are provided pursuant to the Truth in Savings Act (Regulation DD, 12 C.F.R. Part 1030) and the Electronic Fund Transfer Act (Regulation E, 12 C.F.R. Part 1005).

§ Funds availability is governed by Regulation CC (12 C.F.R. Part 229). Large deposits, new-account holds, and redeposited items may be subject to extended availability.

§ APY is fixed for the stated term. Upon renewal, the new APY will be the Bank's then-posted rate for the same term, which may be higher or lower.

§ The early-withdrawal penalty is 540 days of simple interest on the amount withdrawn. If interest accrued is insufficient to cover the penalty, the penalty is deducted from principal.

§ Comparison APYs shown in the ladder chart (6-, 12-, 36-month) are illustrative only and subject to change. See the current rate sheet at cumulusbank.com for the latest APYs.
