INTEREST & YIELD

Rate tiers

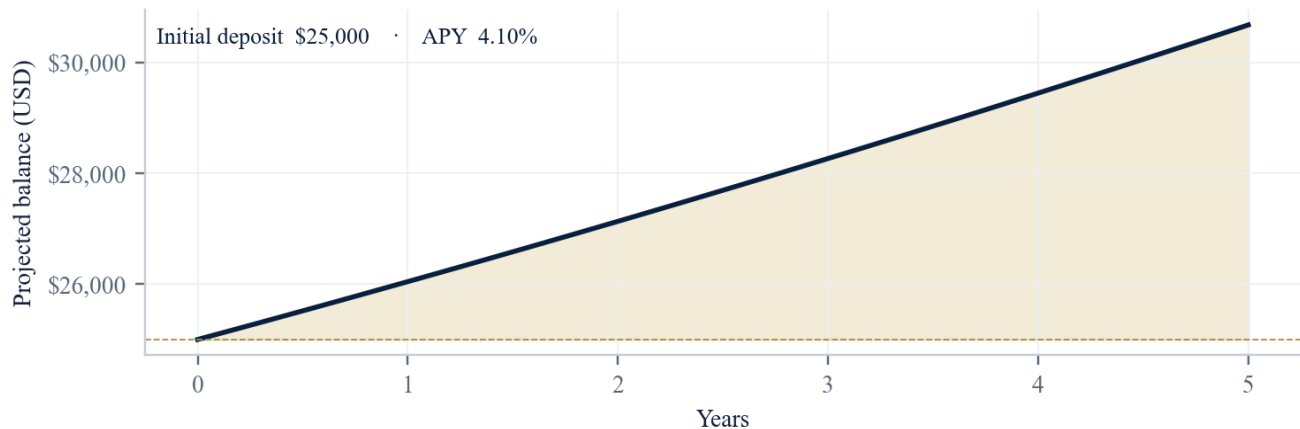

The APY earned on High-Yield Savings is determined daily based on the end-of-day collected balance in your account. Interest accrues daily on the full balance at the tier rate applicable to that day's balance and is credited on the last business day of each statement cycle. Tier APYs are variable and may change at the Bank's discretion; Cumulus provides 30 days' advance written notice of adverse changes.

BALANCE TIER	APY	INTEREST METHOD
\$0 – \$9,999	3.75%	Daily balance, monthly credit
\$10,000 – \$49,999	4.10%	Daily balance, monthly credit
\$50,000 – \$249,999	4.35%	Daily balance, monthly credit
\$250,000 and above	4.50%	Daily balance, monthly credit

HOW THE TIER RATE IS APPLIED

Cumulus uses a straight-tier method: the entire balance earns the APY corresponding to its tier. For example, a \$60,000 balance earns 4.35% APY on the full \$60,000, not a blended rate. If your balance crosses a tier during the cycle, each day's interest is calculated using the tier in effect for that day's balance.

ATM, in-branch, and mailed official check withdrawals do not count toward the limit.

COMMON QUESTIONS

Frequently asked questions

Is the 4.50% APY guaranteed?

The rate is accurate as of the effective date shown and is variable. Cumulus may change the rate at its discretion and will provide 30 days' advance written notice of any adverse change, consistent with Regulation DD.

How is interest calculated when my balance crosses a tier?

Cumulus uses a straight-tier method. The entire end-of-day balance earns the APY for its tier. If the balance crosses a tier during the cycle, each day's interest is calculated at the tier corresponding to that day's balance.

Can I get a debit card?

High-Yield Savings is designed for savings, not day-to-day spending. You can request an optional no-fee ATM card (not a debit card) with a \$1,000 daily withdrawal limit. For debit and checking features, pair HYS with a Cumulus Checking account.

How fast can I move money between HYS and my checking account?

Transfers between two Cumulus accounts are instant. Transfers to or from an external bank complete in 1–3 business days on the standard ACH rail, or the same business day with Same-Day ACH.

Is there a limit on how much I can deposit?

There is no cap on the amount you can deposit. Note that FDIC insurance applies up to \$250,000 per depositor, per ownership category — a Cumulus banker can help structure titling for larger balances.
