Overview

The Cumulus Auto Loan is a fixed-rate installment loan secured by the vehicle you purchase or refinance. Cumulus finances new vehicles from franchised dealers, pre-owned vehicles from dealers or private parties, and refinances of existing auto loans held at other lenders. Approved loans can be funded directly to the dealer (dealer pay) or deposited to your Cumulus account for private-party purchases.

REFINANCING MAY LOWER YOUR PAYMENT

If you financed your current vehicle at a higher rate — through a dealer, captive finance company, or another bank — a Cumulus refinance can often reduce your rate and your monthly payment. Cumulus refinances vehicles up to 10 model years old and with up to 125,000 miles, subject to LTV and condition.

COMMON QUESTIONS

Frequently asked questions

How much can I finance?

Up to 125% LTV on a new vehicle and 120% LTV on a used vehicle, subject to credit approval and a \$150,000 per-loan maximum. Higher amounts available by exception.

Does Cumulus require a down payment?

Cumulus does not require a specific down payment, though higher down payments reduce your LTV and may qualify you for a better rate. The best published rates assume roughly 20% down.

Can I finance taxes, tags, warranty, and GAP?

Yes, subject to the LTV limit. Sales tax, title, license, dealer documentation fees, extended service contracts, and GAP insurance may all be rolled into the loan.

Do I need to buy GAP insurance?

GAP is optional, not required. However, if your LTV exceeds 100% (typical when financing tax and fees into the loan), GAP protects you if the vehicle is totaled before the loan balance falls below its value.

How long does funding take?

For franchised-dealer purchases, Cumulus typically wires funds the same business day you sign. For private-party purchases, funds are deposited to your Cumulus account within 1–2 business days after we receive the signed title application.
